

The Director,
UMANITARIA PADANA ONLUS.

Greetings to you.

This is to acknowledge that I received your money which you send last year for the children's maintenance.

We do appreciate your generosity in helping our needy children, who are with us. It is a great financial help to assist in their education and fulfill their personal needs. The children are very happy and improving in their knowledge and other extra curriculam,likes sports, dance and other activities. They are also helped to develop their skills for their future. So we are happy and thankful to you .We too have 05 more girls who have come from the VANNI refugee camp.

Humbly I request you to continue to help our children who are in great need Hope you will understand and consider our humble request. I shall attach some photos of our children.

With the assurance of our prayers and greetings.

May God bless you.

Sr.M.Shanthini a.c
